RPG Game Index

Based on a series of ten fantasy novels that were written from 1970 to 1991, the Amber Diceless roleplaying game details the tension between the only two real worlds in existence: Amber

and the rival Courts of Chaos. Residents of these two kingdoms possess sorcery and abilities beyond those of mortal men, and much of the game revolves around intrigue and out-and-out combat between various factions.

me of 'making up the quotes' or 'getting it wrong' in the role-playing material. So, of course, I compared all the quotes in Shadow Knight with the manuscript pages I was sent.

discovered for the

Amber is not the

Rather, the

itself. The Dawn of Amber is a prequel series, exploring events that precede the first novel in the series, that answers these intriguing questions. Here, in Book One, you'll meet the young soldier known as Obere as he's whisked away from
